Luxair Luxembourg Airlines ups capacity between London City and Luxembourg

Effective April 2010, all four Luxair Luxembourg Airlines daily services into London's City Airport are operated by Bombardier Q400 aircraft. With 72 seats, they provide high capacity and therefore increased flexibility to the customer.

London City – Luxembourg

Flight number	Days of Operation	Flight time

Luxair's London City connection

Best schedules

Luxair Luxembourg Airlines' day-return services between Luxembourg and London are scheduled to be the first flight into City in the morning and the last to leave in the evening on weekdays. Additional mid-day and mid-afternoon flights allow for optimized planning of business agendas.

Service

Luxair's London City team is on-site and dedicated to taking care of their customers with any assistance needs they may require.

Luxair Luxembourg Airlines

The Grand Duchy's flagship airline connects major European business centres with the Luxembourg economic region. Luxair operates finely-tuned day-return services from Luxembourg and, increasingly, Saarbrücken airport. The airline operates state-of-the-art aircraft in a young fleet with an average age of 6 years. Constantly optimized flying procedures and the gradual introduction of Bombardier Q400 turboprop, one of the most fuel-efficient aircraft on the market, reduce the airline's impact on the environment. Spotless maintenance records and above-norm trainings and procedures are policy to ensure the highest safety standards.

Luxair Luxembourg Airlines' all-round service is tailored for customer comfort and satisfaction.
